

Mechanic, Automotive, Diesel and Equipment Repair

Ren-Tech Industrial Corp. in Alpena, MI is seeking to add a mechanic for automotive, diesel and equipment repair. Ren-Tech Industrial Corp. serves clients in the manufacturing sector, assuring their facilities and equipment are properly maintained and performing at a desired level. This position requires someone with demonstrated, practical, hands-on experience and success in troubleshooting and fixing machinery, equipment, vehicles, and semi-trucks.

Ideal candidates will:

- Have strong communication skills
- Listen and follow instructions
- Be effective in their problem-solving, analytical and critical thinking capabilities
- Work well independently and with a team

Team members enjoy a robust compensation and benefits package:

- Competitive pay
- Health insurance benefit and HSA
- Flexible paid time off and holidays
- 401(k) with employer matching
- Discretionary bonuses

To apply, send a resume to jobs@358-jobs.com.
